

# Sentinel<sup>®</sup> HL

Hardware Protection. Redefined.

Introducing SafeNet's Sentinel HL, the newest addition to our robust portfolio of products and services. The Sentinel HL hardware-based protection keys are offered in a new contemporary design maintaining full backwards compatibility with your existing Sentinel HASP HL and Sentinel SuperPro implementations. The NEW Sentinel HL family of keys boasts SafeNet's widest variety of form factors housed in a modern, newly designed casing providing more "real estate" for the purpose of adding your personalized logo or text.

*Find out how your existing hardware implementation changes as part of the introduction of the new Sentinel HL family of hardware based protection keys.*
